

# ADA COMPLIANT BUSES

## Ford E-450 Diamond Coach VIP 2500

- Does not fade
- Does not need repainting
- Resists dings, scrapes, bumps, and scratches better than metal buses do
- Extensive options

## StarTrans Transit

- Aluminized steel cage construction (fully welded) with laminated sidewall structure meeting all applicable FMVSS requirements
- 10" ground to the first step at the entry-door
- 109" exterior height overall (depending on options)
- "Super Starview" driver's visibility window in front of the entry door
- Electric actuated passenger entry door with full-length glass

## MFSAB (Multi Function School Activity Bus)

- Most do not require a CDL
- Customization available
- ADA-compliant equipment available
- Customized seating available
- Works well for college, junior college, high school, community organization, daycare, business or municipality
- Luxury coaches available for touring, event companies sporting events and more.
- 5 service location in Wisconsin for all vehicles from A&J Commercial
