Hours of Operation

Monday – Friday: 7:00am - 6:00pm

Saturday: 10:00am to 2:00pm

Sunday: No Service

Future Needs – Buses

Becker County Transit currently has five vehicles in its fleet required for regular service in addition to one backup vehicle, making a total of six rolling stock assets. Five of the vehicles, including the backup, are vehicle class 400, which is a medium-size light-duty transit bus, while the remaining vehicle is class 300, which is a small light-duty transit bus.

Four of the fleet assets have a vehicle condition of good, excellent, or new. Two of the vehicles are new – one bought in 2017 and one bought in 2018. The two oldest vehicles were acquired in 2008 (the backup vehicle) and 2009 (in fair condition).

Future Needs – Operations

Becker County has proposed an additional coordination activity entailing the promotion of a transfer agreement between Becker, Mahnommen, and White Earth Transit to provide operations and dispatch for Northwest Minnesota Disabled American Veterans.
