Who must have a DBE program?

(a) If you are a recipient of any of the following types of funds, this part applies to you:

Authority: 49CFR §26.3(a)

• All FHWA primary recipients receiving funds authorized by a statute to which the DBE program applies

• FTA recipients receiving planning, capital and/or operating assistance who will award prime contracts (excluding transit vehicle purchases) the cumulative total value of which exceeds $250,000 in FTA funds in a Federal fiscal year

• FAA recipients receiving grants for airport planning or development who will award prime contracts the cumulative total value of which exceeds $250,000 in FAA funds in a Federal fiscal year
What Assurances Must Recipients & Contractors Make?

• Each financial assistance agreement you sign with a DOT operating administration (or a primary recipient) must include an assurance.

• The recipient shall take all necessary and reasonable steps under 49 CFR part 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts.

• The recipient's DBE program, as required by 49 CFR part 26 and as approved by DOT, is incorporated by reference in the agreement.

• Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement.

What Assurances Must Recipients & Contractors Make?

• Each contract you sign with a contractor (and each subcontract the prime contractor signs with a subcontractor) must include the same assurances.

• The contractor, sub recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract.
What records do recipients keep and report?

• MnDOT must transmit the Uniform Report of DBE Awards or Commitments and Payments (Semi-Annual Report)
• MnDOT must continue to provide data about your DBE program to the Department as directed by DOT operating administrations
• MnDOT must implement appropriate mechanisms to ensure compliance with DBE program requirements by all program participants (e.g., applying legal and contract remedies available under Federal, state and local law).

MnDOT Greater MN Transit Overall DBE Goal FFYs 17-19

FFY 17: 9.12% (7.2% R/C, 2.4% R/N)  FFY 18: 9.12% (7.2% R/C, 2.4% R/N)  FFY 19: 9.12% (7.2% R/C, 2.4% R/N)
How do recipients set overall goals?

• Overall goal is expressed as a percentage of all FTA or FAA funds (exclusive of FTA funds to be used for the purchase of transit vehicles) that you will expend in FTA or FAA-assisted contracts in the three forthcoming fiscal years.

• If you are a FTA or FAA recipient who reasonably anticipates awarding (excluding transit vehicle purchases) $250,000 or less in FTA or FAA funds in prime contracts in a Federal fiscal year, you are not required to develop overall goals for FTA or FAA respectively for that fiscal year.

Can MnDOT be penalized for failing to meet overall goals?

• Not unless we have failed to administer our program in good faith.

• Yes, If the department does not have an approved DBE program or overall goal.

• If the awards and commitments shown on the Uniform Report of Awards or Commitments and Payments are less than the overall goal applicable to that fiscal year, MnDOT must Complete a “Shortfall Analysis” in order to be regarded by USDOT as implementing our DBE program in good faith.
What means do recipients use to meet overall goals?

You must meet the maximum feasible portion of your overall goal by using race-neutral means.

What means do recipients use to meet overall goals?

MnDOT must establish contract goals to meet any portion of our overall goal we do not project being able to meet using race-neutral means.

MnDOT may use contract goals only on those DOT-assisted contracts that have subcontracting possibilities.

MnDOT is not required to set a contract goal on every DOT-assisted contract.

If, during the course of any year in which you are using contract goals, and it is determined that you will exceed your overall goal, you must reduce or eliminate the use of contract goals.

What Type of Projects/Contracts Require DBE Goals?

MnDOT Office of Civil Rights (OCR) establishes DBE goals for greater MnDOT-assisted Transit contracts.

- Planning
- Capital Projects
- Operating assistance

What happens when a DBE Contract goal is not achieved?

Meet/Exceed the goal or demonstrate “Good Faith Effort” (GFE)

Contract Clearance
GFE Determination
Reconsideration
Final Clearance

When you have established a DBE contract goal, you must award the contract only to a bidder/offeree who makes good faith efforts to meet it.

Requirements for Transit Vehicle Manufacturers (TVMs):

✓ FTA Recipients must require that each transit vehicle manufacturer, as a condition of being authorized to bid or propose on FTA-assisted transit vehicle procurements, certify that it has complied with the requirements of 49CFR §26.49

✓ Only those transit vehicle manufacturers listed on FTA’s certified list of Transit Vehicle Manufacturers are eligible to bid

✓ A TVM’s failure to implement the DBE Program in the manner as prescribed in 49 CFR part 26 will be deemed as non-compliance, which will result in removal from FTA’s certified TVMs list, and that manufacturer becoming ineligible to bid

✓ FTA recipients are required to submit within 30 days of making an award, the name of the successful bidder, and the total dollar value of the contract in the manner prescribed in the grant agreement

✓ TVMs must establish and submit for FTA’s approval an annual overall percentage goal
Eligible Transit Vehicle Manufacturers:

What compliance procedures apply to recipients?

Failure to comply with any requirement of this part, may subject you to formal enforcement action under §26.103 or §26.105 or appropriate program sanctions by the concerned operating administration, such as the suspension or termination of Federal funds, or refusal to approve projects, grants or contracts until deficiencies are remedied.
